# OUR UNIQUE BUSINESS MODEL IS THE BASIS FOR OUR COMPETITIVE ADVANTAGE

Technology and innovation leadership in

strategically important product areas

FUCHS is fully focussed on lubricants

FUCHS is a full-line supplier

Independency allows reliability, customer  
& market proximity (responsiveness and  
flexibility) and continuity

Global presence, R&D strength,  
know-how transfer, speed

Advantage over  
major oil companies

Advantage over other  
independent companies

UNIQUE BUSINESS MODEL BASED ON STRICT APPLICATION FOCUS AND TAILORMADE SOLUTIONS

## THE PRINCIPAL DUTIES OF A LUBRICANT: ENSURE THE EFFICIENT OPERATION AND PRESERVATION OF MOVING PARTS

Reduce friction and wear in moving systems

Separate surfaces and protect from wear

Cool machinery and equipment

Protect surfaces from corrosion

Transfer energy

# E-MOBILITY

## SIGNIFICANT OPPORTUNITIES IN FAST-GROWING MARKETS

Mobility change is on a fast track: today main focus on batteries

~ \$3bn of new market for functional fluids of which we see on a conservative basis 50% relevant for FUCHS. E-lyte and cooling fluids are examples for FUCHS activities in this field.

Mobility change comes with additional requirements for lubricants: good news for FUCHS' high-performance product

Globally the number of combustion engines will increase over the course of the next 10 years: European market to decline, growth (number of vehicles) especially in China.

**E-mobility is a net opportunity with significant growth opportunities for the FUCHS Group.**

# SUSTAINABILITY

FUCHS EMPOWERS ITS CUSTOMERS TO PERFORM MORE SUSTAINABLY

FUCHS drives sustainability along the entire value chain

We empower our customers to perform more sustainably leading to greater efficiency and additional value potentials

Lubricants are by nature a contributor to lower the CO<sub>2</sub> footprint along the entire value chain

The basic idea of sustainability comes with additional requirements for lubricants: good news for FUCHS' high-performance products

**FUCHS products play a decisive role to help customers lower their CO<sub>2</sub> footprint.**

# CONTINUED FOCUS ON M&A GROWTH

## Strategic M&A Guardrails

- Strengthening our footprint
- Fundamentally buying customer lists, specifications, approvals and knowhow
- Focus on bolt-on acquisitions to boost organic growth in regions and/or technologies

## Financial Imperatives

- Synergies in purchasing, production, cross-selling, administration
- FVA is the main KPI, also when evaluating acquisition targets
- No predetermined pattern; model-adjusting to specific case

# 90 YEARS OF EXPERIENCE – FOR THE FUTURE

## MILESTONES OF THE FUCHS CORPORATE HISTORY

### A modest founder

Foundation of the company "RUDOLF FUCHS" in Mannheim.

1931

### Difficult years

Expansion to a new product category: industrial oils.

1939 – 1945

### Start of a new era

Manfred Fuchs took on responsibility for the family business and was to realize his vision of transforming the company into a global player.

1963

### FUCHS launched on the stock exchange

In order to financially underpin the numerous expansions, the Fuchs family decided to float the company on the stock exchange. FUCHS is now one of the most valuable and successful stocks on the MDAX.

1985

### Visionary investments

In order to continue to grow profitably and sustainably in the future, FUCHS launched the largest global investment program in its history.

2016

1931 – 1939

### From sales to manufacturing

Growth and start of the company's own production.

1946

### Development in focus

Hiring the first chemist set the course for the establishment of our worldwide network of experts.

1968

### Closer to the customer

International expansion developed rapidly and FUCHS established itself inside and outside Europe. Today, FUCHS can be found in over 50 countries around the globe.

2004

### The next generation

With Stefan Fuchs, the third generation of the family took over the leadership of the Group.

2018

### Start of a new journey

Launch of the FUCHS2025 initiative. The goal: 'Being First Choice' – for our customers, business partners, investors, future employees.

## NEW MINDSET FOR FUTURE CHALLENGES

**New solutions require new ways of operating. And new ways of operation require a new approach and a fresh mindset.**

# FUCHS2025

## HIGHLIGHTS

### Operational Excellence

- Further standardize production & procurement processes
- Harmonize systems based on global structures

### Customer & Market Focus

- Better market penetration through market segmentation
- Develop a global service portfolio by 2025

### Technology Leadership

- Technology Leadership in the segments we target until 2025
- Bring skills & expertise at the three R&D centers in China, Germany and the US at the same level

### Global Strength

- Overproportionate growth in Asia Pacific & North and South America
- Use segmentation as a basis for strategic & global business development

### People & Organization

- Be the employer of choice for existing and future employees
- Improve development programs, skills models and succession planning

### Sustainability

- CO<sub>2</sub>-neutrality “gate-to-gate” since 2020 and CO<sub>2</sub>-neutral “cradle-to-gate” by 2025
- Sustainable revenue at a 15% EBIT margin and corresponding FVA growth

# INNOVATIVE ENGINEERING FOR SUSTAINABLE SOLUTIONS

Thanks to our lubricants, machines run more efficiently, which in turn increases their efficiency and lifetime.

For example, FUCHS proved with an excavator operated for 8,000 hours that the use of a premium hydraulic oil saves about 9,600 liters of diesel.

**This corresponds to a CO<sub>2</sub>-equivalent of nearly 30 tons.**

FUCHS is constantly setting new standards with research partners and suppliers. FUCHS is providing solutions for sustainability in the industry.

# FUCHS & CIRCULAR ECONOMY

## VALUE CHAIN

We understand Circular Economy as a holistic concept along the entire value chain, guided by 3 overarching principles

# FUCHS IN SUSTAINABILITY RATINGS AND RANKINGS

## CDP

- FUCHS started comprehensive CDP-disclosure in 2021
- Climate change rating could be improved from D- to C
- Water security rating could be improved from D to B-

## ISS

- FUCHS was rated „C-“ in 2022, with Transparency Level „High“
- Performance Score could be improved from 25.52 to 26.93

## MSCI ESG Research

- FUCHS improved rating from BB to BBB in 2021

## EcoVadis

- FUCHS responds on a local basis by producing affiliates and on customer request
- In 2022, four FUCHS affiliates received „Gold“-Award

## “Accelerated transformation” scenario in Europe

# SUSTAINABILITY DRIVES NEW TECHNOLOGIES

## E-MOBILITY – THE SOURCE OF NEW OPPORTUNITIES

Primary target for e-mobility is passenger car and light duty

Heavy duty and stationary engines will follow very slowly – long haul and offroad is not feasible or inefficient

What does it mean to the markets in the light of the today's situation

CHINA

US

EUROPE

# E-MOBILITY RAMP UP SCENARIO: CHINA

## Car sales

## Car population

- Strong increase in car sales and car population in China
- Openness in technology leading to more balanced split between ICE and non-ICE
- Even with a fast-growing share of BEVs, there will be more combustion engines in 2040 than today
- Implication on lubricant volumes:
  - current automotive market China ~3.5mt
  - ~1/3 bigger lubricant market including efficiency gains leads to volume increase of ~800kt

# E-MOBILITY RAMP UP SCENARIO: EUROPE

## Car sales

## Car population

- Regulation in Europe will lead to ban of ICE cars between 2030 – 2040
- Overall car population expected to be largely stable
- Assumption: avg. 5 Mio. additional BEVs/year on the road till 2035
- Implication on lubricant volumes:
  - Current total European market ~5.8mt
  - Volume reduction of automotive passenger car market by around 25%
  - Heavy-duty segment (~50% of automotive) expected to be stable
  - Volume decline by ~700kt

*Assumption: Full loss of car lubricants (MWF, grease,...)*

# E-MOBILITY SCENARIO: USA

No clear path  
forward

Expected impact on the  
market very limited in  
the coming years

Expectation no  
significant influence  
through e-mobility

# MARKET IMPACT NEW OPPORTUNITIES

## Electrolyte market opens up significant business potential

Strong increase in demand especially in Europe

Small to medium volume products - design to application

Therefore JV with E-Lyte to enter into this market segment – it is part of the drivetrain fluids – transfer of energy

We focus on high performance electrolytes, not on standard high volume market of traction batteries

E-Lyte product performance is unique to support, i. e. fast loading cycles

Perfect fit between E-Lyte and FUCHS – high technology meets high technology and industrial experience

# DISCLAIMER

The information contained in this presentation is for background purposes only and is subject to amendment, revision and updating. Certain statements and information contained in this presentation may relate to future expectations and other forward-looking statements that are based on management's current views and assumptions and involve known and unknown risks and uncertainties. In addition to statements which are forward-looking by reason of context, including without limitation, statements referring to risk limitations, operational profitability, financial strength, performance targets, profitable growth opportunities, and risk adequate pricing, other words such as "may, will, should, expects, plans, intends, anticipates, believes, estimates, predicts, or continue", "potential, future, or further", and similar expressions identify forward-looking statements.

By their very nature, forward-looking statements involve a number of risks, uncertainties and assumptions which could cause actual results or events to differ materially from those expressed or implied by the forward-looking statements. These factors can include, among other factors, changes in the overall economic climate, procurement prices, changes to exchange rates and interest rates, and changes in the lubricants industry. FUCHS PETROLUB SE provides no guarantee that future developments and the results actually achieved in the future will match the assumptions and estimates set out in this presentation and assumes no liability for such. Statements contained in this presentation regarding past trends or activities should not be taken as a representation that such trends or activities will continue in the future.

The company does not undertake any obligation to update or revise any statements contained in this presentation, whether as a result of new information, future events or otherwise. In particular, you should not place undue reliance on forward-looking statements, which speak only as of the date of this presentation.
