

Quality Policy

The business model of FUCHS Lubricants SpA can be summarized in three words: LUBRICANTS. TECHNOLOGY. PEOPLE.

Through service, advice, condition monitoring, lubrication systems, lubricant marketing, and after-sales service, we are meeting the needs and requirements of our customers.

Our goal is to be the first choice for our customers in terms of technology, quality, value generation, service, and delivery time. Our customers appreciate us as a trusted, long-term partner.

We provide our employees with a professional and satisfying work environment. We live our corporate values: Trust, Value Creation, Respect, Reliability, Open Communication and Integrity.

It's a commitment for our team of highly qualified and motivated collaborators to achieve sustainable and profitable growth.

Through our commitment to Quality Management, Risk Management and through Continuous Improvement, we ensure compliance with the legal, regulatory and specific requirements of stakeholders.

Kind regards
