

METALWORKING FOR SEMICONDUCTOR INDUSTRY COMPONENT MANUFACTURING

MOVING YOUR WORLD

Your global metalworking fluids Partner

- OEM approvals
- Emulsions, synthetics, neat oils
- Hard metal machining specialists
 - Ti / SS / Al
- Lowest TCO
 - Long tank life
 - High tool life
 - Lower purchasing & disposal volume
- Operator friendly

ECOCOOL GLOBAL 1000

Water Miscible Cutting & Grinding Fluid

- ASML Grade 2 approval
- Heavy duty top performer
- Increases productivity through less machines downtime for coolant & tooling changeouts
- Lowers costs by reducing coolant and tooling consumption
- Near odourless, low foaming and rated as non-irritating to human skin
- Usable in the hardest and softest water types
- One formula offered all around the globe ensures quality no matter where it operates
- Long bath life
- Increases tool life
- Meets the Chemical Registry requirements of the top 19 industrialised economies and most major manufacturing companies' restricted chemicals lists

ECOCOOL GLOBAL 10

Water Miscible Coolant

- ASML Grade 2 approval
- Medium duty performer
- Good for less demanding applications
- Contains lubricity enhancers
- Fine surface finishes/extended tool life
- Low foaming
- Suitable for high pressure coolant systems
- Multi-metal compatible
- Free of boron, chlorinated paraffin, silicone, secondary amines, triethanolamine and formaldehyde donor biocides
- Meets the Chemical Registry requirements of the top 19 industrialised economies and most major manufacturing companies' restricted chemicals lists
