

# ECOCOOL 712

## Water-Miscible Machining Fluid

### Busche Performance Group

<b>Applications:</b>	<b>Drilling, Milling</b>
<b>Substrate:</b>	<b>6000 Series Aluminum</b>
<b>Parts:</b>	<b>Automotive Pumps</b>
<b>Systems:</b>	<b>Stand-alone Mazak CNC with Carbide Tooling</b>

#### Previous Issues:

**Tool life**  
**Sump Life**  
**Rotten Eggs Odor**  
**Inability to Recycle**

#### Benefits realized :

- Reduced price per gallon
- No significant bacteria or fungus
- \$0.07 per part tooling cost reduction
- Reduced usage due to ability to centrifuge and reuse
- Increased system and part cleanliness
- Increased tramp oil rejection
- No filter compatibility issues
- Increased sump life
- Significantly higher technical support
