

ECOCOOL SYN 7060

Water-Miscible Machining Fluid

Nissin Brake

Applications:	Drilling, Tapping
Substrate:	Cast Iron, Aluminum
Parts:	Engine Blocks
Systems:	Kitamura, Howa Stand-alone 3-axis Vertical and Horizontal

Previous Issues:

**Bacteria
Foaming
High Cost
Sump Life**

Benefits realized after 16 months:

- Minimal foam
- Significantly reduced biological activity
- Increased efficiency of filtration
- Extended sump life
- Reduction of cost/gallon
- Yearly savings over \$120,000
