Lubrication  
Solutions**

**Reduced  
Total Cost of  
Ownership**

**Reliable  
Partner**

**Reduced Risks to  
People & Assets**

**Global Network,  
Local Structures**

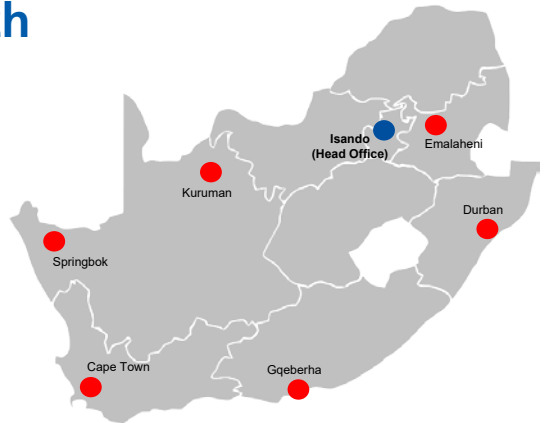

Mining is massive. Massive machines. Massive loads. Massive challenges. From excavation to hauling, crushing, and grinding, we understand what it takes to keep everything running. With complete lubrication solutions and expert support, we protect your critical equipment, reduce operating costs, and maximize productivity. Leveraging a global network backed by a strong local infrastructure, we are always close and ready to keep your site running.

# FUCHS AFRICA reach

FUCHS operates a comprehensive national network across South Africa, anchored by its NET ZERO CARBON Head Office and state-of-the-art blending facilities in Isando, Gauteng. The company's footprint includes strategically located branches in Isando, Gauteng, Durban, Gqeberha, Cape Town, Springbok, Kuruman, and Emalaheni, ensuring nationwide coverage, fast response times, and reliable customer support.

Beyond South Africa, FUCHS extends its reach across the African continent through an extensive network of official distributors. These operations span Zimbabwe, Zambia, Mozambique, Botswana, Malawi, Namibia, Eswatini, the Democratic Republic of Congo (DRC), Lesotho, Angola, and Tanzania.

In West Africa, FUCHS also serves key markets including Senegal, Mauritania, Ghana, Sierra Leone, Burkina Faso, Ivory Coast, and Nigeria, delivering dependable support to industrial and mining operations throughout the region.
